

## Prevent Winter Slips

### **VSBIT Multi-Line Will Cover \$1,000 in Safety Supplies per SU/SD**

Winter is here - and slips, trips, and falls continue to be one of the most common causes of staff injuries across our schools. To help reduce these injuries, VSBIT Multi-Line will sponsor up to \$1,000 in prevention supplies for each Supervisory Union or School District on a first-come, first-served basis.

#### **How to Participate:**

Order by December 5: <https://form.jotform.com/253065404536050>

Please coordinate at the SU/SD level (one order per organization). Orders should be submitted by your Business Manager, Superintendent, or Facility Director to help avoid duplicates.

#### **What's Included:**

Choose from practical and proven tools to keep your campus safe this winter (photos and descriptions are included in the form). All supplies will be delivered to the one location you specify.

- “Walk Like a Penguin” Posters, Pedestrian Cones & Cone Sleeves - a favorite at elementary schools
- Ice Alert Indicators and Signs - place near entrances and walkways
- Pop-Up “Caution: Wet Floor” Tent Signs - for entrances and water fill stations
- SNOW (Say NO to Wipeouts) Posters - for indoor awareness campaigns

#### **Why It Matters:**

- Reduced frequency and severity of these claims, thereby:
  - o helping to keep your staff healthy
  - o keeping your staff on the job
  - o reducing costs, then
  - o more of your resources can go into providing the quality of education you strive for.

Stay safe and healthy this winter!

Your Risk Management Team: Ben, Heidi, Rikk and Dylan
